

# ТАКТИЛЬНЫЕ ЧИСТОГОВОРКИ

## ЗВУК "Р"

с нейроподходом

с использованием  
пластилина

Для малышей и  
деток постарше

@defektolog\_tamara

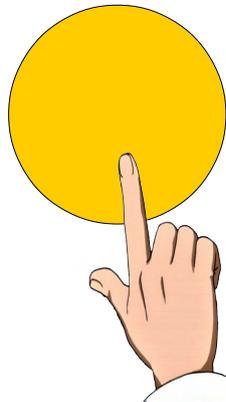

# ГОВОРЯЩИЕ ЧИСТОГОВОРКИ

## ЗВУК [P]

### С ТАКТИЛЬНЫМ СОПРОВОЖДЕНИЕМ И НЕЙРОПОДХОДОМ

Рекомендую использовать на области кругов-пластилин.  
Нажимая на него, у ребенка усиливаются тактильные ощущения (можно также спираль сделать из пластилина)

**Карточки можно разрезать и заламинировать!**

Показывай пальчиком

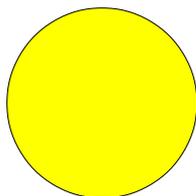

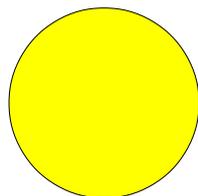

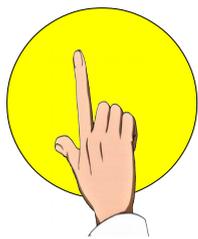

Выполняем Спиралевидное движение пальцем

**!!!Сначала вместе со взрослым проговариваем, затем ребенок проговаривает самостоятельно с опорой на картинку, далее взрослый называет чистоговорку, а ребенок ее находит среди карточек.**

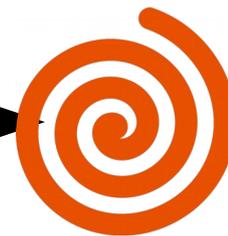

\*для закрепления образа буквы -попросить ребенка показать все буквы Р (зачеркнуть, обвести)
